

Her Mistake

By Paula Puddephatt

It had been Juliet's own mistake. She didn't deny the fact. Never had or would deny it.

Increasingly, however, Juliet had come to realise, to acknowledge in her own mind, that perhaps others had played their roles. Maybe they should have, or shouldn't have...

But no, of course it had been Juliet's fault. She could not and must not shift the blame. It was down to Juliet to make amends. Juliet alone.
